

Muroran-IT Rare Earth

Workshop 2024

This REWS2024 will be a hybrid event, allowing participation both in person and online.

After 1st edition (June 2016, Rusutsu, Hokkaido, Japan), the 2nd edition (October 2017, Kasumigaseki, Tokyo, Japan), the 3rd edition (November 2018, Toya, Hokkaido, Japan), the 4th edition (October 2020, online), the 5th edition (October 2021, online), the 6th edition (November 2022, hybrid), and the 7th edition (November 2023, hybrid), the 8th edition of Muroran-IT Rare Earth Workshop 2024 (REWS2024) on "Innovative Development for Rare Earths Application" will be held on June 22-23, 2024 for the purpose of discussing the awareness of potential uses of rare earths.

22-23th June, 2024

Venue

Lecture Hall in Building G called "Daigakukaikan", Muroran Institute of Technology
27-1 Mizumoto-cho, Muroran, Hokkaido 050-8585, Japan

Chairperson

Chihiro Sekine (Muroran Institute of Technology)

Invited speakers

Plenary talk Prof. Nobuhito Imanaka (Osaka University)

Prof. Yoshihiko Takano (NIMS)
Prof. Katsuya Shimizu (Osaka University)
Dr. Naoyoshi Nunotani (Osaka University)
Prof. Yasuchika Hasegawa (Hokkaido Univ.)
Prof. Miki Hasegawa (Aoyama Gakuin Univ.)
Dr. Sun Woog Kim (Korea Institute of Ceramic Engineering & Technology)
Prof. Kyoung-Tae Park (Korea Institute of Industrial Technology)

Dr. Yuttana Mona (Chiang Mai University)
Prof. Marcella Pani (Univ. of Genoa)
Prof. Yuji Furukawa (Iowa State University)
Dr. Yu Suetomi (National High Magnetic Field Laboratory)
Prof. Keitaro Kuwahara (Ibaraki University)
Dr. Hiroshi Tanida (Toyama Pref. Univ.)
